Milligrams: 1,000 milligrams (mg) is equal to 1 gram

Micrograms: 1,000 micrograms (mcg.) is equal to 1 mg

Ounces: 1 ounce is equal to 28.35 grams

Grains: 1 grain is equal to 64.8 mg

Liters: 1 liter is equal to 1.0567 quarts

International Units (IU):

These are activity units and not weights, however comparisons can be made.

Vitamin A: 1 IU is equal to 0.300 mcg of all-trans retinol

Vitamin D: 1 IU is equal to .025 mcg of vitamin D₂ or D₃

Vitamin E: 1 IU of vitamin E activity is equal to 0.672 mg [d]-alpha-tocopherol.

Elemental Values of Minerals:

Minerals do not normally occur as pure mineral, but rather, as part of complex molecules. Some common examples are calcium citrate (calcium combined with citric acid to form calcium citrate) or chelated iron (iron bound to amino acids and/or small proteins). In each case, the calcium or iron accounts for less than 25% of the total weight of the actual substance. Therefore, it is important to know how much actual calcium or iron is in each tablet or capsule. The supplement should state the actual amount of the mineral in question. A supplement may read, "100 mg of calcium from calcium citrate". In this case there would be 100 mg of elemental calcium, but the calcium citrate would weigh 500 mg. It would take 12 of the capsules to obtain the entire RDA for calcium (1200 mg).

Vegetarian Capsules

Daily Manufacturing uses vegetarian capsules (Vcaps and plant capsules) in all encapsulated products—excluding softgel capsules. This represents a substantial cost to us, but we believe that it adds quality to our products. Vegetarian capsules are made from a plant (tapioca) derived cellulose and are digested as easily and rapidly as gelatin capsules.

We also use delayed release capsules which make it possible to deliver the bioactive components of products directly into the small intestine, protecting ingredients from degradation by stomach acids.

Excipients

In most cases it is easy to determine everything that goes into your supplement just by reading the label. FDA labeling regulations require that all active ingredients be listed in the "Supplement Facts" box, and other ingredients be listed beneath as "Other Ingredients." This is a reasonable regulation that allows the consumers to know exactly what they are taking. It is frequently necessary to use excipients to maintain a consistent capsule weight or even to make a product at all. We use only excipients that are safe and natural, and in some cases even contribute to the nutritional content. We only use excipients when we absolutely must, in order to produce a quality product. Many Daily supplements have no excipients. The list of excipients below explain what they are and why they are used. The identifying codes can be used to tell what excipients are in the products listed. The letter codes are at the end of each product description in parenthesis. The following excipients may be used in Daily products. Each name is followed by an alphabetical code that is used at the end of each product description to indicate what excipients are used. If a product contains any of the excipients below, it will be indicated in the product description and on the label.

Non-Active Ingredients

No Excipients (NE): Many products contain no excipients.

Cellulose (C): Also known as microcrystalline cellulose. A purified plant fiber used as a filler, flowing agent, and aids tablet disintegration. Besides aiding in manufacturing, cellulose supplies a high quality dietary fiber.

Chlorophyll (CL): Natural plant material used as a protective coating on tablets.

Croscarmellose Sodium (CS): This form of cellulose absorbs large quantities of water and expands rapidly. This is used in small amounts to help tablets disintegrate. This effectively eliminates the problem of undigested tablets.

Magnesium Stearate (MS): Magnesium stearate is made by combining magnesium with vegetable oils. Magnesium stearate assists in allowing ingredients to flow into tablet dies and capsules.

Silicon Dioxide (SD): A natural silica used as an anti-caking agent, that allows "sticky" materials to flow. All silica is poorly absorbed, but does add some silicon to the diet. Typically used in concentrations of 1% or less.

Soybean Oil (SO): This natural vegetable oil is frequently included in softgel capsules containing fat soluble vitamins or oils.

Stearic Acid (SA): A natural vegetable oil often used as a lubricant to allow difficult agents to flow. Used in small amounts (usually 2% or less) therefore, not adding significant calories from fat.

A, D, E & K Vitamins

A&D: Each softgel capsule provides vitamin A (10,000 IU) and vitamin D₃ from fish liver oil (400 IU). 100 & 250 softgels per bottle. (Cod liver oil, SO, Beef gelatin capsules, GF)

\$8.95/100cap | \$16.95/250cap (3 btls + \$7.61/100cap | \$14.41/250cap)

Vitamin D₃-1000: Daily Vitamin D₃ is *cholecalciferol* made from lanolin derived cholesterol from the wool of sheep. Vitamin D₃ is the kind your body makes; which makes it more efficient in absorption. Vitamin D₂ is not the kind the body makes. It's therefore less efficient and you use more. It's also cheaper usually. Each capsule provides 1000 IU of vitamin D₃. 100 Vcaps per bottle. (C, SA, GF, SF)

\$7.95 (3 btls + \$6.76)

Vitamin D₃-5000: Daily Vitamin D₃ is *cholecalciferol* made from lanolin derived cholesterol from the wool of sheep. Vitamin D₃ is the kind your body makes; which makes it more efficient in absorption. Vitamin D₂ is not the kind the body makes. It's therefore less efficient and you use more. It's also cheaper usually. Each capsule provides 5000 IU of vitamin D₃. 100 Vcaps per bottle. (C, SA, GF, SF)

\$16.95 (3 btls + 14.41)

Vitamin E-400: Vitamin E is a major antioxidant and the primary defense against lipid peroxidation. It is particularly important in protecting the body's cells from free radical/oxidative damage. Cell protection against oxidative damage is achievable with supplemental intakes higher than what is normally consumed in the average diet. All ingredients sources are **non-GMO**. Each capsule contains 400 IU of vitamin E from mixed tocopherol. 100 softgels per bottle. (Organic extra virgin olive oil, SO, Beef gelatin capsules, GF)

\$19.95 (3 btls + \$16.96)

Vitamin E-1000: Natural d-alpha tocopherol from mixed tocopherols are the most natural form of vitamin E. While vitamin E activity is only claimed for the alpha tocopherol, the other naturally occurring tocopherols may have biological activity as well. This high quality natural vitamin E is available in 1000 units. 50 softgels per bottle. (SO, Beef gelatin capsules, GF)

\$19.95 (3 btls + \$16.96)

Vitamin E-Complex: Vitamin E-Complex combines both tocotrienols and tocopherols in one vegetarian capsule. Each capsule provides 50 mg of natural mixed tocotrienols extracted from palm oil and 150 IU of vitamin E from mixed tocopherols extracted from Sunvitol™ Sunflower Oil. All ingredients sources are **non-GMO** and free of gluten, wheat, soy and are Vegan. 30 Vcaps per bottle. (C, SD, GF, SF, V)

\$18.95 (3 btls + \$16.11)

MK-7 (K2): Vitamin K-2 is the most important form of vitamin K for regulating calcium metabolism in bone, blood vessels and other tissues. Daily MK-7 is natural vitamin K extracted from Natto, a Japanese fermented soy food. Daily MK-7 is made from **non-GMO** soybeans and fermented by **non-GMO** bacteria and is Vegan and Kosher certified. Each capsule contains 200 mcg of vitamin K2. 60 Vcaps per bottle. (GF, V)

\$19.95 (3 btls + \$16.96)

New Nutra-A Plus: Nutra-A Plus is a high potency vitamin A made from vegetarian sources. The 25,000 IU of vitamin A includes the 10,000 IU of Pre-Formed vitamin A and 15,000 IU of beta-carotene vitamin A from mixed carotenoids derived from algae and spirulina. Nutra-A Plus is a highly potent source of vitamin A that has a wide margin of safety because the majority of the vitamin A is beta-carotene, which the body must convert to the active form of vitamin A as needed. 100 & 250 Vcaps per bottle. (C, GF, SF, V)

\$15.95/100cap | \$32.95/250cap (3 btls + \$13.56/100cap | \$28.01/250cap)

Tocotrienols: Each softgel capsule provides 300 mg of Tocotrienol blend from rice, 100 IU of natural d-alpha tocopherol vitamin E and 50 mg of mixed Tocotrienol (alpha tocotrienol 18 mg; gamma tocotrienol 34 mg; delta tocotrienol 0.3mg). 60 softgels per bottle. (Rice bran oils, Beef gelatin capsules (Gelatin, Glycerin and Water) GF, CR)

\$39.95 (3 btls + \$33.96)

B Vitamins

NEW B1 Co-Active Thiamine: Provides a supplementary source of thiamine in a form that is both fully active and ready to be used as a co-enzyme (thiamine pyrophosphate) and in a conventional form (thiamine mononitrate) that can be gradually converted to the active form in the body. Thiamine is an important co-factor for pyruvate dehydrogenase which helps convert glucose to acetyl-CoA. Acetyl Co-A is then used to either make fatty acids for energy storage or proceeds through oxidative phosphorylation to make energy for the body. Thiamine deficiency can result in the disease beriberi, but less severe insufficiency can result in eye damage and impaired cardiac output. The best food sources of thiamine are whole grains, seeds and vegetables. Most thiamine deficiency has resulted from either excessive reliance on white rice or excessive consumption of alcohol which appears to decrease the absorption of dietary thiamine. Each capsule provides 10 mg of thiamine pyrophosphate and 40 mg of thiamine mononitrate. 100 capsules per bottle. (C, GF, SF, V) **\$9.95 (3 btls + \$8.46)**

Activated B6: Conventional vitamin B6 is in the form of pyridoxine hydrochloride. In order for the body to use pyridoxine hydrochloride, it must be processed by the body into the coenzyme form, Pyridoxal 5-phosphate. The processing of pyridoxine requires two energy utilizing steps, catalyzed by the enzymes pyridoxal kinase and pyridoxine phosphate oxidase. Daily B6 is the coenzyme form, eliminating the need for processing by the body. It is like a plug in module and is much more efficiently used than the regular type. Each capsule provides 50 mg of vitamin B6. 100 Vcaps per bottle. (C, SA, GF, SF, V)
\$18.95 (3 btls + \$16.11)

Activated B-12: Activated B-12 contains equal amounts of *5-deoxyadenosyl cobalamin* and *methylcobalamin*. These are the active forms of vitamin B-12. For normal absorption, B-12 requires intrinsic factor; but even without intrinsic factor, 1-2% of B-12 can be absorbed. Therefore, since there are 500 mcg per capsule, considerably more than the RDA of 2 mcg should be absorbed by anyone taking it. 180 Vcaps per bottle. (C, SA, GF, SF, V)
\$17.95 (3 btls + \$15.26)

Activated B-Complex: Each capsule provides active forms of B6 (10 mg), B12 (20 mcg), Thiamine (10 mg), and Riboflavin (10 mg). There is also Niacinamide (40 mg), Niacin (20 mg), Folic acid (folate 200 mcg), B5 (pantethine 10 mg), PABA (20 mg), Biotin (150 mcg), Choline (10 mg), and Inositol (20 mg). All of the B vitamins are provided in the forms best utilized by the human body. 100 & 250 Vcaps per bottle. (C, SA, GF, SF, V)
\$19.95/100cap | \$43.95/250cap (3 btls + \$16.96/100cap | \$37.36/250cap)

Folic Acid: Each tablet provides 800 mcg of Folic acid in a slotted tablet that can be broken in half for a 400 mcg dose. 100 & 250 tablets per bottle. (C, SA, GF, SF, V)
\$4.95/100tab | \$9.95/250tab (3 btls + \$4.21/100cap | \$8.46/250cap)

Methylfolate: Methylfolate is the active form of vitamin B9, most often sold as folic acid. Folic acid is the oxidized form of folate and must be converted by reductions by the dihydrofolate reductase enzyme before it can act as a vitamin. This appears to be a slow process and sometimes incomplete in humans. Therefore, methylfolate is much more available as an active vitamin and may be used in lower doses. An excellent dietary source of folate is green leafy vegetables (foliage) as the name suggests. Daily Methylfolate tablets are available to swallow or chew and provide an excellent quality supplemental form of folate. Each tablet provides 400 mcg of L-Methylfolate. 100 tablets per bottle. (C, SA, Rice sweetener, GF, SF, V)
\$8.95 (3 btls + \$7.61)

Niacin: Niacin (nicotinic acid) is used in the body to make nicotinamide adenine dinucleotide (NAD) and NAD-phosphate, which supplies energy for many catabolic and anabolic reactions. Niacin will cause a transient niacin flush with redness and a burning sensation in the skin. The niacin flush is uncomfortable but harmless for most people - possible exceptions are persons with asthma or peptic ulcers. Each tablet provides 100 mg of Niacin and 56 mg of Calcium. 200 tablets per bottle. (C, Calcium sulfate, CS, SA, GF, SF, V)
\$7.95 (3 btls + \$6.76)

Pantethine: Vitamin B5 is normally sold as pantothenic acid in the form of D-Calcium Pantothenate. However, the Pantestin® pantethine is an activated form of pantothenic acid. Pantethine is more easily utilized in the body to make Coenzyme A (a major mediator of energy metabolism) and, in doses of 600 mg per day, has been shown to help maintain normal blood cholesterol and triglycerides. Each capsule provides 300 mg of Pantethine from 546 mg of Pantestin®. 60 Vcaps per bottle. (NE, GF, SF, V)
\$29.95 (3 btls + \$25.46)

C Vitamins

Acerola Cherry: Daily all natural Acerola C is derived entirely from Acerola cherry concentrate. A small amount of vanilla is added for flavor. Stearic acid (a natural vegetable oil) and sorbitol are added for moisture protection. Daily Acerola C can be chewed or swallowed, and have a pleasant tart flavor. Each tablet provides 60 mg of vitamin C. 60 tablets per bottle. (SA, Sorbitol, Vanilla, GF, SF, V)
\$7.95 (3 btls + \$6.76)

Lemon C: Lemon C provides 500 mg of vitamin C from ascorbic acid and 150 mg of Lemon bioflavonoid complex. 120 Vcaps per bottle. (NE, GF, SF, V)
\$12.95 (3 btls + \$11.01)

Nature C: Acerola cherry (*Malpighia emarginata* fruit) is a tropical shrub or small tree also known as Barbados cherry. West Indian cherry, or Crepe Myrtle. Acerola is native to South America, southern Mexico and Central America. Acerola is extremely rich in vitamin C, but also contains vitamins A, B1, B2 and B3 as well as carotenoids and bioflavonoids. The vitamin C in Daily Nature C is entirely obtained from natural acerola cherry juice concentrate and is a natural food source of vitamin C. Each tablet provides 200 mg vitamin C. 100 tablets per bottle. (NE, GF, SF, V)
\$16.95 (3 btls + \$14.41)

Spectra-Scorb: Spectra-Scorb vitamin C is in the form of mineral ascorbates; providing 500 mg of vitamin C per tablet, plus 50 mg of mixed bioflavonoids and the following amount of minerals from the mineral ascorbates: Potassium (35 mg), Calcium (26.5 mg), Magnesium (13.5 mg), Zinc (1.25 mg), and Manganese (0.8 mg). Spectra-Scorb is an excellent source of vitamin C as well as minerals that are easily absorbed. 100 tablets per bottle. (Calcium phosphate, C, SA, Silica, GF, SF, V)
\$19.95 (3 btls + \$16.96)

Spectra-Scorb Plus: Spectra-Scorb Plus contains mineral ascorbates in an 8 hour sustained release tablet, with a chlorophyll coating. Each tablet provides 1000 mg of vitamin C from mineral ascorbates, The mineral ascorbates provide the following amounts of elemental minerals: Calcium (55 mg), Magnesium (24 mg), Zinc (2.5 mg), Manganese (125 mcg), Molybdenum (200 mcg), Potassium from potassium citrate and potassium aspartate chelates (29 mg), along with 100 mg of the following blend: Acerola cherry extract, Apple pectin, Citrus extract, Grapefruit extract, Hesperidin, Citrus bioflavonoid complex, Rose hips and Rutin. 120 tablets per bottle. (C, CL, SA, SD, GF, SF, V)
\$29.95 (3 btls + \$25.46)

Spectra-Scorb Powder: Daily Spectra-Scorb Powder is a blend of calcium, potassium and zinc ascorbates with quercetin and citrus bioflavonoids. 1/2 teaspoon of Spectra-Scorb Powder provides vitamin C (1000 mg), Calcium (70 mg), Magnesium (73 mg), Potassium (56 mg) and Zinc (6.5 mg), Bioflavonoid complex (350 mg equal parts quercetin and citrus bioflavonoid Concentrate). 10 oz jar. (NE, GF, SF, V)
\$29.95 (3 btls + \$25.46)

Calcium—Minerals

Cal II:™ A very alkaline calcium supplement, utilizing a natural source of calcium carbonate and calcium hydroxide with brewer's yeast for added assimilation (Reams formula). Six capsules provide 1000 mg of elemental Calcium. 100 & 250 Vcaps per bottle. (Brewer's Yeast, C, SD, GF, SF, V) *This product is also available in a yeast free form. Cal II Yeast Free is available in 100 & 250 Vcaps per bottle. (C, SD, GF, SF, V)
\$9.95/100cap | \$20.95/250cap (3 btls + \$8.46/100cap | \$17.81/250cap)

Cal II Supreme: Cal II Supreme is a highly alkalizing mineral supplement made from premium quality coral calcium from Okinawa, Japan, and natural calcium hydroxide from earth deposits in the USA. Each capsule contains 200 mg of Calcium. Although primarily a calcium supplement, Cal II Supreme contains small amounts of numerous naturally occurring trace elements and 1 mg each of Cesium (chloride) and Rubidium (carbonate) and 20 mg of Soy protein. Cal II Supreme has been carefully formulated to provide powerful ionic alkaline support by supplying highly active mineral derived anions. This product contains soy protein. **Caution:** *This product contains powerful alkaline minerals: never chew capsules and take with at least 8 oz of water.* 100 & 250 Vcaps per bottle. (SA, SD, GF, V)
\$15.95/100cap | \$31.95/250cap (3 btls + \$13.56/100cap | \$27.16/250cap)

Calcium Aspartate: Calcium Aspartate is a calcium salt of the amino acid, aspartic acid, that has a neutral reaction in the body. Medical research has shown it to be a well absorbed form of calcium supplementation, each capsule provides 100 mg of elemental Calcium. Calcium aspartate and citrate are best for people who are uncertain of the acid-base balance of their bodies. This is a great source of calcium for everyone. 150 Vcaps per bottle. (SA, SD, GF, SF, V)
\$15.35 (3 btls + \$13.05)

Calcium Citrate: Calcium Citrate is another form of calcium that has a neutral reaction in the body. Calcium citrate is a calcium salt of citric acid, which is an intermediate in the "Krebs Cycle". This product is also a form of calcium that works well for everyone. Each capsule provides 100 mg of elemental Calcium. 150 Vcaps per bottle. (SA, SD, GF, SF, V)
\$15.35 (3 btls + \$13.05)

Calcium Gluconate: Calcium Gluconate is a neutral, easily assimilated form of calcium. This is a calcium salt of gluconic acid made from calcium carbonate and gluconic acid from beets. Each capsule provides 40 mg of elemental Calcium. 100 & 250 Vcaps per bottle. (MS, SD) & Daily Calcium Gluconate Powder provides 250 mg of Calcium per 1 teaspoon. There are 70 servings per 7 oz jar of powder. (NE, GF, SF, V)
\$9.95/100cap | \$21.95/250cap | \$15.95/pwd (3 btls + \$8.46/100cap | \$18.66/250cap | \$13.56/pwd)

Calcium Lactate: Calcium Lactate is made by reacting lactic acid made by fermenting of potato starch with lactic acid producing bacteria. The lactic acid is then reacted with calcium carbonate to form calcium lactate. Cal Lactate provides 280 mg of Calcium from calcium lactate per 6 capsules. 100 & 250 Vcaps per bottle. (C, SD, GF, SF, V)
\$8.95/100cap | \$18.95/250cap (3 btls + \$7.61/100cap | \$16.11/250cap)

Calcium Orotate: A well absorbed form of calcium popularized by Dr. Hans Nieper of Germany. Each capsule provides 60 mg of Calcium (from 545 mg of calcium orotate). 90 Vcaps per bottle. (C, SD, GF, SF, V)
\$19.95 (3 btls + \$16.96)

Coral Calcium: Daily Coral Calcium is the highest quality Sango coral from Okinawa, Japan. Coral calcium is taken from land deposits of ancient coral, thereby assuring that coral reefs in the ocean are not disturbed. Coral calcium from land deposits are free of pollutants because the coral was formed long before modern man was there. All Daily coral products are mined and processed by strict Japanese pharmaceutical standards and further processed and packaged under strict American standards at Daily Manufacturing's FDA inspected facility. Daily Coral Calcium is ground extremely fine (7-10 micron); assuring that all of the calcium easily forms a colloidal suspension and is easily absorbed. Each capsule provides 400 mg of Calcium from carbonate. 90 Vcaps per bottle and Daily Coral Calcium provides 500 mg Calcium from carbonate per 1/4 teaspoon. There are 170 servings per 8 oz jar of powder. (NE, GF, SF) **\$19.95/90cap | \$29.95/pwd (3 btls + \$16.96/90cap | \$25.46/pwd)**

Coral Calcium, Magnesium & Vitamin D₃: Daily Coral Calcium, Magnesium & Vitamin D₃ is the highest quality Sango coral from Okinawa, Japan. Coral calcium is taken from land deposits of ancient coral, thereby assuring that coral reefs in the ocean are not disturbed. Coral calcium from land deposits are free of pollutants because the coral was formed long before modern man was there. All Daily coral products are mined and processed by strict Japanese pharmaceutical standards and further processed and packaged under strict American standards at Daily Manufacturing's FDA inspected facility. Daily Coral Calcium, Magnesium & Vitamin D₃ is ground extremely fine (7-10 micron); assuring that all of the calcium easily forms a colloidal suspension and is easily absorbed. This coral calcium combination contains Calcium from carbonate (500 mg) from Okinawa, Japan, Magnesium from carbonate (250 mg) and vitamin D₃ (200 IU) per three capsules. 120 Vcaps per bottle and Daily Coral Calcium, Magnesium & Vitamin D₃ Powder provides calcium from carbonate (345 mg), Magnesium from carbonate (175 mg), Vitamin D₃ (138 IU) per 1/2 teaspoon. There are 95 servings per 5 oz jar of powder. (NE, GF, SF) **\$17.95/120cap | \$24.95/pwd (3 btls + \$15.26/120cap | \$21.21/pwd)**

Dairy Calcium: Dairy Calcium is a high quality well absorbed form of pH neutral dietary calcium. Each capsule provides 175 mg of Calcium from 700 mg of Milk mineral concentrate. 90 Vcaps per bottle. (SA, SD, GF, SF) ***contains milk**
\$11.95 (3 btls + \$10.16)

Minerals

Chromium Picolinate: There are a number of chromium supplements on the market including GTF chromium, chromium polynicotinate, and others. All of the better chromium supplements, including chromium picolinate, are in a trivalent chemical state. Chromium picolinate has the advantage of being hypoallergenic since there is no yeast. Furthermore, most of the chromium research has used the picolinate form of chromium. Chromium picolinate is the best researched and most reliable form available. Each capsule provides 200 mcg of Chromium from chromium picolinate. **Caution:** *Because chromium can increase insulin sensitivity, this may alter insulin requirements in diabetics. There is some evidence that persons with reactive hypoglycemia may also need to use caution with chromium. This applies to all forms of chromium, not just chromium picolinate. For this reason we need to include the following warning-Diabetics/Hypoglycemics: Use only under a physician's supervision.* 100 Vcaps per bottle. (Organically grown brown rice powder, SA, CR, GF, SF, V) **\$9.85 (3 btls + \$8.37)**

Colloidal Silver: Daily Colloidal Silver contains no preservatives, acids or stabilizers. Because of the ultra fine particles resulting from the special technologically advanced process, the particles remain in suspension with gelatin or starch stabilizers. The colloidal silver suspension, at 20 ppm, is the ideal concentration. Each teaspoon. provides 100 mg of silver. 4, 8 & 32 fl oz bottle. (NE, GF, SF, V) ***restricted shipping during cold weather**
\$11.95/4oz | \$19.95/8oz | \$33.95/32oz (3 btls + \$10.16/4oz | \$16.96/8oz | \$28.86/32oz)

Dolomite: Daily Dolomite has no fillers, binders or other excipients. Each capsule provides 170 mg of Calcium and 94 mg of Magnesium from dolomitic lime. 100 & 250 Vcaps per bottle. (NE, GF, SF, V) **\$8.95/100cap | \$16.95/250cap (3 btls + \$7.61/100cap | \$14.41/250cap)**

Ferro-Tonic: Ferro-Tonic is an iron supplement in easy to assimilate liquid form. Eight drops provide 10 mg of elemental iron from a naturally occurring mined ferrous sulfate. 2 fl oz dropper top bottle. There are 175 servings per bottle. (Distilled water, GF, SF, V) ***restricted shipping during cold weather**
\$7.95 (3 btls + \$6.76)

K-Min: K-Min is a blend of Min-Col™ from soft rock phosphate (315 mg) and Diatomaceous earth (105 mg), supplying 78 mg of elemental calcium as calcium phosphate per capsule. **Caution:** *pregnant women and pregnant animals should never use this product.* 100 & 250 Vcaps per bottle. (NE, GF, SF, V) **\$12.95/100cap | \$27.95/250cap (3 btls + \$11.01/100cap | \$23.76/250cap)**

Lime Water: Daily Lime Water was developed by Dr. Carey Reams in cooperation with Daily Mfg., Inc. and is the only product available using the original method and ingredients approved by Dr. Reams to produce this saturated calcium hydroxide in sulfur water solution. Daily Lime Water is a saturated calcium solution made with water from a specific well with a special sulfur compound to make the calcium more available. Two tablespoons provides 27.2 mg of Calcium as calcium hydroxide solution from lime stone. 12 & 32 fl oz bottle. (Natural sulfur water, GF, SF, V) ***restricted shipping during cold weather**
\$11.95/12oz | \$24.95/32oz (3 btls + \$10.16/12oz | \$21.21/32oz)

Liqui-Min: The source of Daily Liqui-Min is mineral water from T.J. Clark in Utah. This source of ionized and colloidal liquid minerals is the original colloidal mineral water using lignite, which is derived from ancient vegetation (in between peat moss and coal). Water is slowly dripped through the lignite, allowing it to accumulate the rich natural blend of easily assimilated trace elements. This is an excellent, hard-to-find source of trace elements. 32 fl oz bottle. (NE, GF, SF, V) ***restricted shipping during cold weather**
\$35.95 (3 btls + \$30.56)

Magnesium Aspartate: Magnesium Aspartate is a magnesium salt of the amino acid, aspartic acid, that has a neutral reaction in the body. Medical research has shown it to be a well absorbed form of magnesium supplementation. Each capsule provides 100 mg of elemental magnesium. Magnesium Aspartate is an excellent choice for everyone needing supplemental magnesium. 150 Vcaps per bottle. (SA, SD, GF, SF, V)
\$15.35 (3 btls + \$13.05)

Magnesium Citrate: Magnesium Citrate is a neutral salt of citric acid, an intermediate in the "Krebs Cycle". This is another form of magnesium that is well absorbed and that works well for everyone. Each capsule provides 100 mg of elemental Magnesium. 150 Vcaps per bottle. (SA, SD, GF, SF, V)
\$15.35 (3 btls + \$13.05)

Magnesium Glycinate: Daily Magnesium Glycinate is a high potency magnesium which is widely considered the best absorbed magnesium for most people, and least likely to cause diarrhea at normal doses. Daily Magnesium Glycinate provides 50% of the daily requirement for magnesium in one capsule. Magnesium is essential for cardiovascular health, important for optimal insulin function, and serves many other physiological processes. Each capsule provides 200 mg of Magnesium. 60 Vcaps per bottle. (NE, GF, SF, V)
\$6.95 (3 btls + \$5.91)

Magnesium Orotate: Daily Magnesium Orotate is a bio available form of magnesium popularized by Dr. Hans Nieper of Germany. Magnesium is an essential nutrient that helps many different functions that require it to regulate enzyme levels in the body. Each capsule provides 50 mg of Magnesium from magnesium orotate. 90 Vcaps per bottle. (SD, SA, GF, SF, V)
\$19.95 (3 btls + \$16.96)

Manganese Citrate: Manganese Citrate provides 5 mg of Manganese per tablet. 100 tablets per bottle. (C, CS, GF, SF, V)
\$6.95 (3 btls + \$5.91)

Min-Col:TM Colloidal size particles extracted from soft rock phosphate, from fossil deposits of ancient bones. This is a source of calcium and other minerals in a phosphatic colloidal form, and is also a rich source of the phosphate anion. Three capsules provide 324 mg of elemental Calcium. 100 & 250 Vcaps per bottle. (NE, GF, SF, V)
\$15.95/100cap | \$31.95/250cap (3 btls + \$13.56/100cap | \$27.16/250cap)

Coming Soon Ocean Elements: Daily Ocean Elements provide a mineral supplement rich in calcium and magnesium with vitamin D₃ and iodine mostly from natural products derived from ocean mineral deposits and seaweed. This will provide uniquely structured mineral crystals and complexes that are well absorbed and balanced as well as small amounts of trace elements that are naturally present. Minerals from coral and seaweed is more soluble than conventional minerals. This magnesium is also from amino acid chelate which is very well absorbed. The calcium is from seaweed (largely calcium carbonate), phosphate deposits from ancient seabeds, coral and dolomite as well as small amounts of calcium gluconate and oxide. This calcium is mostly alkalizing, although the gluconate is neutral. The magnesium is from dolomite, seaweed, coral and magnesium chelate. The iodine (from seaweed) is an essential element that is plentiful in seaweed. Iodine is especially important for thyroid hormone production. Vitamin D₃ (from sheep lanolin) is especially important for regulating calcium metabolism as well as many other physiological processes. 180 capsules per bottle. ()

Potassium Aspartate: Potassium Aspartate is a salt of the amino acid, aspartic acid, that has a neutral reaction in the body. It is a well absorbed form of potassium supplying 99 mg of elemental Potassium from 450 mg of Potassium Aspartate per capsule. Potassium Aspartate is an excellent choice for everyone needing supplemental potassium. 150 Vcaps per bottle. (C, SA, GF, SF, V)
\$15.35 (3 btls + \$13.05)

Potassium Citrate: Potassium Citrate is a salt of citric acid. Each capsule provides 99 mg of Potassium from 275 mg of Potassium citrate. 150 Vcaps per bottle. (C, SA, CR, GF, SF, V)
\$15.35 (3 btls + \$13.05)

Potassium Orotate: Potassium Orotate is a well absorbed form of potassium popularized by Dr. Hans Nieper of Germany. Each capsule supplies 99 mg of elemental potassium from 470 mg of Potassium Orotate per capsule. This product is a well absorbed form of potassium. 90 Vcaps per bottle. (SA, SD, GF, SF, V)
\$17.95 (3 btls + \$15.26)

Selenium: Each tablet provides 100 mcg of Selenium as an amino acid chelate. Each tablet is slotted so it can be easily broken in half for a 50 mcg dose. 60 tablets per bottle. (C, CS, GF, SF, V)
\$4.95 (3 btls + \$4.21)

Tri-Min: Tri-Min is a combination of three essential trace elements. Each tablet provides: Zinc as amino acid chelate (15 mg), Manganese as amino acid chelate (10 mg), and Selenium which is organically bound to yeast (50 mcg). 100 tablets per bottle. (C, SA, Silica, GF, SF, V)
\$8.95 (3 btls + \$7.61)

Zinc: Each tablet provides 30 mg of Zinc as an amino acid chelate. Each tablet is slotted so it can be easily broken in half for a 15 mg dose. 60 tablets per bottle. (C, CS, GF, SF, V)
\$4.95 (3 btls + \$4.21)

Digestive Care

Betaine Hydrochloride: Each capsule provides 10 grains, 648 mg of Betaine hydrochloride, for use in assisting digestion. 100 & 200 Vcaps per bottle. (C, SD, GF, SF, V)
\$12.95/100cap | \$25.95/200cap (3 btls + \$11.01/100cap | \$22.06/200cap)

Activated Charcoal: Daily Activated Charcoal capsules is made from plant products only. Charcoal is a powerful absorber of gas and toxins, but may also absorb nutrients and medications and should be used separately from them when possible. Please consult your doctor or pharmacist about use with medications. Each capsule provides 260 mg of Charcoal. 60 & 120 Vcaps per bottle. (NE, GF, SF, V)
\$9.95/60cap | \$18.95/120cap (3 btls + \$8.46/60cap | \$16.11/120cap)

Colon-Aid: Three capsules of Colon-Aid provide 750 million live *Lactobacillus acidophilus*, 750 million *Bifidobacterium bifidus* plus 1000 mg of Fructooligosaccharides. Colon-Aid is kept refrigerated until shipped to keep the bacteria alive and healthy, and should be refrigerated after receiving it for maximum potency. 100 Vcaps per bottle. (C, SA, GF, SF)
\$12.95 (3 btls + \$11.01)

Digestine: Digestine provides a broad spectrum of digestive enzymes. Each tablet provides: Pancreatin (140 mg), Mycozyme (150 mg), Papain 200 MCU/g (70 mg), Acid Stable Protease 500 SAPU/g (70 mg), Betaine HCl (70 mg), and Iron ox bile (65 mg bovine). The pancreatin is enteric coated for release in the small intestine (that will not release with pH below 6.8) thereby preventing denaturation of the active enzyme. In other words, we have coated the pancreatin so that it will not dissolve until it gets into the small intestine. 100 tablets per bottle. (C, Maltodextrin, SA, SD, Vegetable stearate, GF, SF)
\$28.95 (3 btls + \$24.61)

GlutenAce: It is essential for persons with gluten intolerance to strictly avoid gluten containing foods. However, it is very difficult to completely eliminate all gluten, especially when eating away from home. GlutenAce is designed to help digest small amounts of gluten resulting from accidental contamination and to reduce gastrointestinal inflammation from eating gluten. Each capsule provides: BioCore DPP IV (100 mg), Protease enzymes from *Aspergillus oryzae* (30,000 HUT), Protease from *A. oryzae* (500 DPP-IV) and Protease AM from *Aspergillus melleus* (8.5 AP), Bromelain (300 mg, providing 360 GDU), and Quercetin 100 mg). 60 Vcaps per bottle. (C, SA, SD, GF, SF, V)
\$19.95 (3 btls + \$16.96)

L-Salivarius: Daily L-Salivarius is a potent probiotic supplement with approximately 2 billion live *Lactobacillus salivarius* bacteria and 100 mg of Fructooligosaccharides (FOS) per capsule. L-Salivarius is a vigorous species, which rapidly multiplies in the intestinal tract to out compete most harmful bacteria. FOS is a prebiotic polysaccharide that encourages the growth of beneficial bacteria. This combination of probiotics and prebiotics can help establish a healthy intestinal flora. 120 DRcaps per bottle. (C, SD, SA, GF, SF, V)
\$19.95 (3 btls + \$16.96)

Milk Gest: Daily Milk Gest is a vegetarian digestive enzyme supplement that assists with digesting both lactose and proteins found in milk. Each capsule provides sufficient enzymes for the digestion of 2 cups of milk or 2 oz of cheese. Daily Milk Gest provides Dairy digestive enzyme (210 mg), Milk protease (1,266 BLGU), Lactase (2,000 ALU) per capsule. 60 Vcaps per bottle. (C, GF, SF)
\$14.95 (3 btls + \$12.71)

Miracle 7 Colon Cleanser: A combination of Psyllium husk (280 mg), Bentonite (160 mg), Citrus pectin (80 mg), Wheat grass (96 mg), Acidophilus mix (40 mg), Apple fiber (120 mg), as well as an herbal blend (22 mg): Gentian, Goldenseal root, Buckthorn, Rhubarb, Cascara sagrada, Whole leaf Aloe Vera and Cinnamon. This blend is a complete herbal colon health program. 120 Vcaps per bottle. (NE, SF, V)
\$15.95 (3 btls + \$13.56)

Nattokinase: Nattokinase is a very specialized substrate specific fibrinolytic enzyme produced by fermentation of soybeans with *Bacillus subtilis natto*. Other enzymes have fibrinolytic activity, but only true nattokinase has been demonstrated to be absorbed after oral ingestion as an active enzyme, and to have physiological efficacy. **Caution:** Although nattokinase is a safe whole food extract, caution should be used when using it with blood-thinning medications and/or high doses of supplements known to act as blood thinners such as vitamin E and *Ginkgo biloba*. Each capsule provides 50 mg of Nattokinase (1000 Fibrin Units). 60 Vcaps per bottle. (C, SF, V)
\$29.95 (3 btls + \$25.46)

Para-Min: A blend of Black Walnut hull (200 mg), Fumaric acid (100 mg), Ginger root (50 mg), Blue Vervain herb (50 mg), Wormwood herb (50 mg), Diatomaceous earth (50 mg), Cayenne fruit (50 mg), and Garlic bulb (50 mg) per capsule. 180 Vcaps per bottle. (SA, GF, SF, V)
\$17.95 (3 btls + \$15.26)

Psylli-Yum: Psylli-Yum is both a heart healthy product and promotes intestinal health and regularity. Diets low in saturated fat and cholesterol that include 3 g of soluble fiber per day may reduce the risk of heart disease. Just one serving of Daily Psylli-Yum provides 2.8 g of soluble fiber. Each heaping teaspoon provides vitamin C (450 mg), Calcium from carbonate (144 mg), Psyllium (4.4 g), Bentonite (120 mg) and Aloe concentrate (200:1) (60 mg, equivalent to 12 g of fresh gel from Aloe *Barbadensis*). 1 lb jar. (Citric acid, Natural orange and Vanilla flavors, Stevia, Lo Han Go, *GF, SF, V*)
\$23.95 (3 btls + \$20.36)

Vega-Lax: Each capsule of Daily Vega-Lax provides Cascara Sagrada bark (194 mg), Senna leaf (194 mg), Glucomannan (35 mg), and dehydrated Aloe Vera gel (2.5 mg, equivalent to 700 mg of liquid gel). 100 Vcaps per bottle. (*C, SA, SD, GF, SF, V*)
\$9.95 (3 btls + \$8.46)

VegeZyme: VegeZyme™ is a powerful, all natural vegetarian, enzyme supplement. VegeZyme™ allows vegetarians to enjoy optimal digestive health while maintaining a strictly vegetarian supplement program. Daily VegeZyme™ provides Vegetable digestive enzyme blend (105 mg), Amylase (2400 DU), Bromelain (720000 FCCPU), Lipase (100 FIP), Protease 4.5 (600 HUT), Lactase (400 ALU), and Cellulase (20 CU). This product also contains Papaya leaf (50 mg). 90 Vcaps per bottle. (Rice bran, Enzymes derived from Pineapple, *Rhizopus oryzae, Aspergillus oryzae* and *Trichoderma longibrachiatum*, *C* and Papaya, *CR, GF, SF, V*)
\$12.95 (3 btls + \$11.01)

Herbs

Barley Grass—Dehydrated Powder: Daily Barley Grass is **organically** grown barley grass which is grown in the Midwestern USA. It is harvested in the early spring after growing through the winter, when it is at the peak of nutrient density. The young barley grass plants are carefully dried at low temperatures and micronized to a very fine powder to improve solubility and provide highly absorbable nutrients. Daily Barley Grass is 100% barley grass with no additives or fillers. Each tablespoon provides 9 g of Barley grass. There are 50 servings per jar. 1 lb jar. (*NE, SF, V*)
\$35.95 (3 btls + \$30.56)

Black Walnut Tincture - Green: Daily Black Walnut Tincture is made from wild black walnut hulls, and processed while the hulls are still green. Twenty five drops contains 1.2 ml of Black walnut tincture. 4 fl oz bottle. (Water, Food grade alcohol, Vitamin C, *GF, SF, V*)
\$10.95 (3 btls + \$9.31)

Cayenne Pepper: Daily Cayenne Pepper capsules are made from carefully processed, certified **organic**, American grown cayenne pepper. Carefully processed at low heat, ground into fine powder and encapsulated in vegetarian capsules with no added binders or fillers. This high quality cayenne pepper provides the benefits of cayenne without the pain. Each capsule provides 260 mg of Cayenne Pepper. 90 delayed release Vcaps per bottle. (*NE, GF, SF, V*)
\$11.95 (3 btls + \$10.16)

Curcumin: Daily Curcumin is a highly active natural curcumin from the Indian spice turmeric. Turmeric is a staple of Indian cuisine and has long been considered to provide numerous health benefits. In addition BioPerine®, a black pepper extract, is added to help with absorption. Each capsule provides 250 mg of Curcumin from turmeric and 2.5 mg of Black Pepper extract (BioPerine®). 60 Vcaps per bottle. (*C, GF, SF, V*)
\$17.95 (3 btls + \$15.26)

Echinacea Root: Daily Echinacea is a potent blend of a standardized extract of whole plant *Echinacea purpurea* and *Echinacea angustifolia* root. This combination provides all of the active ingredients of Echinacea in one capsule. Whenever possible **organically** grown Echinacea is used. No additives, fillers or binders are used in this product. Each capsule provides 350 mg of pure *Echinacea angustifolia* root powder and 100 mg of *Echinacea purpurea* extract (standard to 4% total phenolic compounds). 60 Vcaps per bottle. (*NE, GF, SF, V*)
\$13.95 (3 btls + \$11.86)

Garlic Fresh: Daily **non-GMO pesticide free** Garlic Fresh provides all of the active factors of fresh garlic that made it a cornerstone of natural medicine for centuries, without the garlic breath. A delayed release capsule makes it possible for Garlic Fresh to deliver the bioactive components of garlic directly to the small intestine, preventing burping, breath odor and protecting the garlic from degradation by stomach acids. Each capsule has 500 mg of **organic** garlic extract which is equivalent to 3 grams of fresh garlic and 5 mg Palm oil extract. Palm oil extract helps absorption of oil soluble ingredients. 90 DRcaps per bottle. (*NE, GF, SF, V*)
\$24.95 (3 btls + \$21.21)

New Garlic Plex: Daily Garlic Plex is completely **organic**. Each capsule provides Garlic extract (400 mg), Onion powder (100 mg) and Hawthorne Berry (100 mg). 100 Vcaps per bottle. (*SD, GF, SF, V*)
\$19.95 (3 btls + \$16.96)

Ginger Root: Ginger root has a long and established tradition in oriental cooking, and as a herbal remedy. Ginger is a warm and stimulating herbal supplement. Ginger root is a pungent herb that is sufficiently potent in the whole herb form. Daily Ginger root is made from high quality **organically** grown ginger root. Each capsule provides 280 mg of certified **organic** Ginger root powder (*Zingiber officinale*). 100 Vcaps per bottle. (*NE, GF, SF, V*)
\$8.95 (3 btls + \$7.61)

GF (Gluten Free), CR (Contains Rice), V (Vegan), SF (Soy Free), K (Kosher)

Ginger Root Powder: Ginger root has a long and established tradition in oriental cooking, and as a herbal remedy. Ginger is a warm and stimulating herbal supplement. Ginger root is a pungent herb that is sufficiently potent in the whole herb form. 16 oz jar. (NE, GF, SF, V)

\$23.95/pwd (3 btls + \$20.36)

Ginkgo Biloba: Daily Ginkgo Biloba is a potent blend of a standardized extract of ginkgo leaf and whole ginkgo leaf. This combination provides all of the active ingredients of ginkgo biloba in one capsule. Each capsule provides 60 mg of Ginkgo biloba leaf extract (24% *Ginkgo flavonglycosides* from 30,000 mg of *Ginkgo biloba* leaves), 300 mg of *Ginkgo biloba* leaf powder. 90 Vcaps per bottle. (C, SA, GF, SF, V)

\$11.95 (3 btls + \$10.16)

Goldenseal Root: Daily Goldenseal is made from whole wild crafted American goldenseal roots. Goldenseal root is strong enough as the whole root powder to be effective, and the whole root is an ideal form for supplementation. Goldenseal has the potential to irritate delicate mucus membranes. Should this occur, discontinue use. Daily Goldenseal capsules may be emptied into warm water and used as a gargle. Each capsule provides 500 mg of Goldenseal root. 75 Vcaps per bottle. (SA, GF, SF, V)

\$29.95 (3 btls + \$25.46)

Milk Thistle: Daily Milk Thistle is a potent blend of standardized extract of Milk thistle seed and whole Milk thistle seed powder. This combination provides all of the active ingredients of Milk thistle in one capsule. Each capsule provides 250 mg Milk thistle seed extract, and 250 mg of Milk thistle seed powder. 60 Vcaps per bottle. (NE, GF, SF, V)

\$15.95 (3 btls + \$13.56)

Moringa Leaf: Moringa oleifera is a small tree native grown in arid regions of Northwestern India. Some people consider it to be the ultimate "Super Food" because the leaves are rich in protein (8.3%), calcium, potassium, vitamin A and vitamin C. Moringa is widely used as an "energy" food to promote general health and performance. Each tablet provides 10 mg vitamin C from acerola cherry powder and 400 mg Moringa leaf. 120 tables per bottle. (SA, SA, Stevia, GF, SF, V)

\$15.95 (3 btls + \$13.56)

New Oregano Oil: Oregano is a spicy, aromatic culinary herb that has been used by traditional herbalists for millennia. In recent years, scientific studies suggest the oil of this common kitchen herb may help to maintain the intestinal flora balance. Daily Oregano Oil is standardized to ensure a minimum of 55% Carvacrol. The softgels are enteric coated so that the contents are released in the intestine. Each softgel capsule provides 181 mg of Oregano oil, 17.6 mg of Ginger oil and 19.3 mg of Fennel oil. 120 softgels per bottle. Softgel capsule (Gelatin, Water, Glycerin, Enteric coating, Carob) (Extra virgin olive oil, GF, SF, V)

\$27.95 (3 btls + \$23.76)

Pau D'Arco: A traditional herbal remedy from the Brazilian rain forest, Pau D'Arco (*Tabebuia impetiginosa*) provides 425 mg per capsule. 250 Vcaps per bottle. (SA, GF, SF, V)

\$15.95 (3 btls + \$13.56)

Power Caps: This is not really a vitamin and mineral supplement as much as it is a concentrated natural food. The juices of **organically** grown young wheat grass, young barley grass, and beets are dehydrated at low temperatures and carefully handled to provide all the nutritional factors found in the raw juices. Power Caps are rich in vitamins, minerals, active enzymes, chlorophyll, carotenoids, flavonoids, and other naturally occurring phytochemicals. Each capsule provides 185 mg of dehydrated Wheat, Barley and Beet juices. 90 Vcaps per bottle. (Organic brown rice powder, SA, SD, CR, SF, V)

\$17.95 (3 btls + \$15.26)

Valerian Root: Daily Valerian Root is a potent blend of standardized extract and whole root of two species of valerian root. This product provides the potency of a standardized extract while also supplying all of the active ingredients of whole Valerian root. Daily Valerian Root is carefully prepared from high quality roots at cool temperatures, thereby preserving the active ingredients. Each capsule provides 350 mg of Valerian root and 150 mg Valerian root extract. 90 Vcaps per bottle. (NE, GF, SF, V)

\$11.95 (3 btls + \$10.16)

Wheat Grass Juice Dehydrated: A completely natural food concentrate. The juice is prepared from young **organically** grown wheat grass that is planted in the fall and harvested after a long dormant winter period in the early spring, just before the first jointing. The wheat grass is then juiced and dehydrated using a low temperature process so that all the beneficial properties of the raw juice are retained. Each capsule provides 500 mg of Wheat grass juice concentrate. 150 Vcaps per bottle. (C, SA, SD, SF, V)

\$25.95 (3 btls + \$22.06)

Wheat Grass Bulk Powder: Daily **Organic** Wheat Grass Powder is **organically** grown in the Midwestern USA. It is harvested in the early spring after growing through the winter. It is harvested as a young plant at the peak of nutrient density, and dried at cool temperatures to preserve all nutrients. The dry wheat grass is then carefully ground into a very fine powder to improve solubility and availability of the nutrients. 1 tablespoon per serving. There are 40 servings per container. 1 lb jar. (NE, SF, V)

\$39.95 (3 btls + \$33.96)

Special Combinations

BetaKids: BetaKids™ is a blend of natural ingredients for children that helps them have healthy immune systems and promotes optimal mental and physical development. Each box contains 30 fruit flavored gummy supplement lozenges that can be chewed, swallowed or dissolved in the mouth. Xylitol and erythritol are sweeteners that promote the growth of beneficial microorganisms in the mouth and may protect against tooth decay. Beta 1.3 D Glucan provides high quality immune cell-stimulating beta glucan from the cell wall of *Saccromyces cerevisiae*. BetaKids™ provides a safe but effective dose of high quality L-methionine. Beta Glucan (50 mg) stimulates the immune system to produce interleukin-6 and activate important immune responses needed to combat infection in injury, but appears to have little if any stimulatory effect on most inflammation. Vitamin D (10 mcg/ 400 IU) is a multifunctional nutrient with many hormone like actions. It is critical for bone development, mental and cardiovascular health and even helps with energy metabolism. It is critical for the activation of the immune cells known as T-cells. This is for both helper T-cells and cytotoxic T-cells making vitamin D important for most aspects of immunity. Selenium (15 mcg) is essential for at least 25 selenoproteins (mostly enzymes) in the body and especially important for thyroid action and for overall immune health. Each lozenge is individually packaged in a blister card and the cards are placed in a display box. The blister packaging makes it difficult for children to remove the lozenge from the packaging, reducing the chances of them taking more than the recommended dose. 30 Tutti Frutti chewable lozenges per box. (Xylitol, Purified water, Sunflower oil, Sorbitol, Bovine gelatin, Erythritol, Trisodium citrate, Malic acid, Tutti Frutti natural flavoring, Stevia, Paprika extract, Vegetable oil, Medium Chain Triglycerides, GF, SF)
\$19.95 (3 btls + \$16.96)

Bone Builder: Daily Bone Builder supplies a balanced blend of essential nutrients for optimal bone health with betaine hydrochloride for improved absorption. 3 tablets provide calcium from Calcium carbonate, Citrate, phosphate and Lactate (500 mg), Magnesium from oxide and aspartate (250 mg), Strontium (15 mg), vitamin D₃ (300 IU), vitamin K₂ (45 mcg, mena-7), vitamin C (75 mg), Silicon from bamboo extract (15 mg), Boron from citrate (1 mg) and Betaine hydrochloride (75 mg) per three tablets. 180 tablets per bottle. (SA, GF, SF, V)
\$13.95 (3 btls + \$11.86)

Easy-Flex 2: Daily Easy-Flex 2 is a new generation of natural joint health support that combines evidence-based nutritional approaches to maintaining healthy joints and peripheral immune health. Easy-Flex 2 helps with comfortably maintaining an active healthy lifestyle. Each capsule provides, Andrographis Paniculate ParActin® (100 mg), Boswellia extract (125 mg), L-Histidine (5 mg), Curcumin from turmeric (200 mg), Quercetin (50 mg), Black pepper extract Bioperine® (5 mg), Ginger root powder (300 mg) and Cayenne pepper (25 mg). **Caution:** Some herbs may cause stomach upset in some people who are sensitive to strong spices. Allergic reactions are also possible with any natural product and if symptoms of allergy appear, discontinue use. Not intended for use by children under age 16 or by pregnant or lactating women. 90 Vcaps per bottle. (C, GF, SF, V)
\$39.95 (3 btls + \$33.96)

Ener-Cell: A cellular energy and protective formula with Alpha-Lipoic Acid (300 mg), L-carnitine L-tartrate (100 mg), Coenzyme Q-10 (50 mg), and Curcumin (150 mg) per capsule. 60 Vcaps per bottle. (C, GF, V)
\$29.95 (3 btls + \$25.46)

Eye-Vite: Daily Eye-Vite is a protective formula for eyes based on the latest scientific research. Daily Eye-Vite combines the most important nutrients at the optimal dosages for maintaining visual health. Lutein from marigold extract (7.5 mg), zeaxanthin from marigold extract (2.5 mg), Lycopene from tomato extract (2.5 mg) and Beta-carotene from natural mixed carotenoids (2500 IU) are pigments and antioxidants that protect the macula. People with low macular density of these pigments have been shown to be at increased risk for macular degeneration. Gamma-Aminobutyric Acid (GABA) (250 mg) is an important neurotransmitter that has been shown to improve visual function as well as cognitive and motor functions. Bilberry fruit extract (30 mg) and vitamin E (d-alpha tocopherol, 100IU) are potent antioxidants that help prevent oxidative damage to the eyes. Zinc from zinc citrate (7.5 mg) is an important healing agent that has been shown to protect against vision loss in adults. 60 tablets per bottle. (C, SA, SD, GF, SF, V)
\$32.95 (3 btls + \$28.01)

Herbal Bright: Daily Herbal-Bright contains 25 mg of *Sceletium tortuosum* extract (Zembrin®), an herb that will literally brighten your day. This herb is for those who are looking for peak mental performance and an optimistic outlook. When combined with vitamin B-12 (12 mcg), Zembrin® can help optimize neurotransmitter production in the brain. Each bottle contains a two month supply and is **non-GMO** and Vegan. †Zembrin® is the exclusive trademark of HG&H Pharmaceutical (Pty) Limited. US Patents #6,288,104 and #8,552,051. 60 Vcaps per bottle. (C, GF, SF, V)
\$29.95 (3 btls + \$25.46)

Liva-Vite: Maintaining optimal liver function is one of the most important ways to promote health. The liver is the central regulator of both anabolic and catabolic metabolism. It is also the primary defender against outside toxins and has important immune functions. The liver is heavily dependent on a number of nutrients which assist its function. These nutrients can become depleted thereby compromising liver function and putting it at risk for damage. Daily Liva-Vite provides those and other nutrients which allow the liver to function at the highest possible level. Two tablets provide L-Methionine (400 mg), Choline (200 mg), Inositol (200 mg), Taurine (200 mg), Dandelion root extract (4.1) (200 mg), Milk thistle extract (200 mg), Black radish root (100 mg), Beet root (100 mg), Uva Ursi (100 mg) and Goldenseal root (100 mg). 120 tablets per bottle. (C, CS, SA, SD, GF, SF, V)
\$27.96 (3 btls + \$23.77)

Metabolic Factors: Metabolic Factors is a combination of 3 nutrients that are essential for normal metabolism. Choline is a methyl donor in anabolic biosynthesis, Carnitine is required for the utilization of fat for energy, and chromium is required for normal hormonal regulation of metabolism. Choline and carnitine have been shown to work synergistically in the control of fat metabolism. Per 6 tablets Metabolic Factors provides Choline (2000 mg), Carnitine (500 mg), and Chromium (200 mcg). 120 tablets per bottle. (C, CS, Vegetable stearate, SD, SA, GF, SF, V)
\$22.95 (3 btls + \$19.51)

Multi-Vim: This hypo-allergenic, vegetarian multivitamin and mineral supplement has a chlorophyll coating. One tablet provides: vitamin A as Retinyl palmitate and 35% as beta-carotene (1,003 mcg), vitamin C as ascorbic acid (84 mg), vitamin D as 124 IU Ergocalciferol (3.35 mcg), vitamin E as natural d-Alpha tocopherol succinate (33.5 mg), Thiamine (21 mg), Riboflavin (25 mg), Niacinamide (34 mg), vitamin B-6 (25 mg), Folic acid 223 mcg (dietary folate equivalents), vitamin B-12 (34 mcg), Biotin (25 mcg), Pantothenic acid (25 mg), Choline (11 mg), Calcium as calcium amino acid chelate (17 mg), Iron as iron amino acid chelate (6 mg), Iodine from kelp (67 mcg), Magnesium as amino acid chelate (8 mg), Zinc as zinc citrate (5 mg), Selenium as amino acid chelate (34 mcg), Copper as amino acid chelate (0.7 mg), Manganese (2 mg), Chromium as amino acid chelate (34 mcg), Molybdenum as amino acid chelate (67 mcg), Potassium as amino acid chelate (3 mg), Inositol & PABA (25 mg each), Betaine HCl, Glutamic acid HCl, Rutin and Citrus bioflavonoid complex (8 mg), Hesperidin (1.7 mg). Taking this supplement three times per day will result in maximal utilization of all the nutrients. The tablets are designed to be easily swallowed. Multi-Vim supplies optimal amounts of most nutrients and is a great foundation for any nutritional program. 100 tablets per bottle. (C, Vegetable stearate, MS, Silica, Chlorophyll, GF, SF, V)
\$19.95 (3 btls + \$16.96)

New Nutra-Flex Glucosamine Chondroitin: Daily Nutra-Flex GC is a glucosamine/chondroitin blend using the optimal dosages of vegetarian glucosamine sulfate with a high quality chondroitin sulfate manufactured to USP standards. Nutra-Flex GC also provides 102 mg of vitamin C per day. The efficacy of glucosamine and chondroitin sulfate for bone and joint health has been confirmed in human clinical trials, including a major multi-center study published in the Annals of Rheumatic Diseases (2015). Three capsules provide Glucosamine from **non-GMO** corn (500 mg), Chondroitin from cartilage (bovine) (400 mg). 90 Vcaps per bottle. (NE, GF, SF)
\$24.95 (3 btls + \$21.21)

New ProstaMin HP: ProstaMin HP is designed to provide nutritional support for a healthy prostate, but not designed to prevent or treat prostate cancer. About 50% of men have histologic evidence of benign prostate hyperplasia (BPH) by the age 50 and 74% by age 80. BPH is an enlargement of the prostate which can result in frequent need for urination, interfere with daily activities and sleep at night. Many men seek nutritional help with prostate health. ProstaMin HP is the ideal supplement to meet that need. One capsule provides Zinc (5 mg), Beta sitosterol (100 mg), Pygeum from *Pygeum africanum* (75 mg), Reishi mushroom (60 mg), Garlic extract (50 mg) and Curcumin from turmeric (50 mg). 120 Vcaps per bottle. (SD, V, GF, SF)
\$31.95 (3 btls + \$27.16)

Relax Day Formula: Relax Daytime Formula is designed to help those needing it to have an enjoyable and productive day. The ingredients help provide nutrients that are precursors to neurotransmitters that help with relaxation, concentration, and an overall optimistic attitude. This highly effective combination contains the herbs Bacopa extract (30 mg) and *Mucuna pruriens* (L-Dopa 15%) (25 mg) as well as the amino acids L-Tyrosine (125 mg), L-Theanine (150 mg), and Gamma Amino Butyric Acid (GABA) (125 mg). 60 Vcaps per bottle. (C, GF, SF, V)
\$13.95 (3 btls + \$11.86)

Relax Evening Formula: Daily Relax Evening Formula is a blend of nutrients and herbs designed to support relaxation and relieve stress. Ideally take 1 hour before retiring and sit down with a good book and soothing music to finish your day in a stress free manner. Due to individual variation, some people may find one capsule to be effective. Each capsule provides: Tryptophan (250 mg), Bacopa extract (from bacopaside 30%, 225 mg), Melatonin (2 mg), 5-HTP (5 mg). 60 Vcaps per bottle. (C, SA, GF, SF, V)
\$19.95 (3 btls + \$16.96)

Uro-Fit: Uro-Fit is a kidney and bladder health product combining the best in traditional and modern medicine for maintaining a health urinary tract. Cranberry has over 250 published studies describing its effectiveness and mode of action and Chanca Piedra has almost 30 studies describing its effects on the urinary tract and 600 studies describing other health benefits. Dandelion and Uva Ursi are traditional herbs with a long history of urinary health benefits. All of the ingredients in Uro-Fit are safe and have health benefits beyond urinary health. Two capsules provide Cranberry concentrate (500 mg), Chanca piedra (450 mg), Uva Ursi (100 mg) and Dandelion root (150 mg). 120 Vcaps per bottle. (NE, GF, SF, V)
\$22.95 (3 btls + \$19.51)

Vascu-Min: Daily Vascu-Min provides per six capsules: Magnesium from orotate (120 mg), Magnesium from aspartate (140 mg), Potassium from orotate (80 mg) and Bromelain (120 GDU/g, 280 mg). 180 Vcaps per bottle. (C, GF, SF, V)
\$27.95 (3 btls + \$23.76)

Vitality For Men: Vitality For Men is a combination of herbs and nutrients provided in the ideal dosages to optimize hormonal health in men. None of the ingredients are known to have undesirable side effects when used as directed. Arginine is known to reduce blood pressure in some people and caution should be observed when using this product in combination with anti-hypertensive medication. Three capsules provide: L-Arginine (1200 mg), DHEA (25 mg), MACA 4:1 Extract (750 mg) and Horny goat weed extract (500 mg). 90 Vcaps per bottle. (C, SA, GF, SF, V)
\$17.95 (3 btls + \$15.26)

Vitality For Women: Daily Vitality For Women combines the best of Asian and Western Herbal extracts with vitamin D3 and DHEA, a precursor of estrogens, to provide a powerful but balanced hormonal support for women. Kudzu and licorice root are rich sources of isoflavones, commonly called phytoestrogens, that help women maintain hormonal balance. Two capsules provide: vitamin D3 (400 IU), Dong Quai extract (300 mg), Wild yam (300 mg), Kudzu (300 mg), Licorice root (200 mg), Chaste berry extract (40 mg), Motherwort 4:1 Extract (40 mg) and DHEA (20 mg). 60 Vcaps per bottle. (NE, GF, SF, V)
\$15.95 (3 btls + \$13.56)

Super Nutrition

5-HTP (5-hydroxytryptophan): Each capsule provides 50 mg of 5-HTP extract from *Griffonia simplicifolia*. Each batch is tested to assure absence of "peak X". Which is suspected to be involved in the toxic effects of L-Tryptophan produced by genetically engineered bacteria. 60 Vcaps per bottle. (C, GF, SF, V)
\$14.95 (3 btls + \$12.71)

Algazim: Algazim is a quick frozen kelp from Fjords along the Norwegian Sea. The kelp is harvested under strict quality control conditions that are certified as both **kosher** and **organic**. Algazim is a valuable source of trace elements including iodine as well as the polysaccharides that are unique to seaweeds. Each capsule provides 510 mcg of Iodine (from kelp) and 425 mg of *Ascophyllum nodosum* (from kelp). 100 & 250 Vcaps per bottle. Algazim Powder provides 1200 mcg of Iodine (from kelp) and 1000 mg of *Ascophyllum nodosum* (from kelp) per 1/4 teaspoon 10 oz powder. (NE, GF, SF, V)
\$9.95/100cap | \$20.95/250cap | \$15.95/pwd (3 btls + \$8.46/100cap | \$17.81/250cap | \$13.56/pwd)

Alpha-Lipoic Acid: Alpha-lipoic acid is a dual purpose nutrient: an essential cofactor in energy metabolism and powerful antioxidant that is especially useful in the mitochondria of cells. Each capsule provides 300 mg of Alpha-lipoic acid. 60 Vcaps per bottle. (NE, GF, SF, V)
\$13.95 (3 btls + \$11.86)

Beta 1,3 Glucan: This high potency beta glucan is derived from the cell wall of yeast (*Saccharomyces cerevisiae*). This is the type recognized by the white blood cells known as macrophages. Each capsule provides 100 mg of Beta glucans. 60 Vcaps per bottle. (C, GF, SF, V)
\$19.95 (3 btls + \$16.96)

CLA: This high quality CLA blend is from safflower oil with 74-83% CLA. The CLA consists of equal part *cis-9*, *trans-11* and *trans-10*, *cis-12 isomers*. Each capsule provides 1,000 mg of Tonalin® CLA. 60 softgels per bottle. (Caramel color, Gelatin, Glycerin, St. John's bread extract, Titanium dioxide color, Beef gelatin capsules, GF, SF)
\$19.95 (3 btls + \$16.96)

DHEA: Each capsule of Daily DHEA contains 25 mg of pure pharmaceutical grade DHEA (dehydroepiandrosterone). This is the pure DHEA and not a precursor or herbal extract. 90 Vcaps per bottle. (C, SA, GF, SF, V)
\$12.95 (3 btls + \$11.01)

Evening Primrose Oil: Oil of the Evening primrose (*Oenothera lamarckiana*) is a rich source of Gamma Linolenic Acid (GLA). Each capsule provides 500 mg of Evening primrose oil. 100 & 250 softgels per bottle. (Beef gelatin capsules, GF, SF)
\$9.95/100cap | \$21.95/250cap (3 btls + \$8.46/100cap | \$18.66/250cap)

Flaxseed Oil: Daily **Organic** Flaxseed Oil is carefully cold-pressed from **organically** grown flaxseed in a proprietary procedure designed to optimize the Omega-3 content in the oil that is naturally presented in flaxseed. Each capsule provides 1000 mg of **organic** Flaxseed oil which contains 540 mg of Omega-3 (Alpha-linolenic acid), 150 mg of Omega-6 (Linoleic acid) and 210 mg Omega-9 (Oleic acid). 120 softgels per bottle. (Beef gelatin capsules, Gelatin, Glycerin, Carob extract, Purified water, GF, SF)
\$18.95 (3 btls + \$16.11)

Grape Seed Extract: Each capsule of Grape Seed Extract provides 50 mg of Grape Seed extract and 100 mg of mixed bioflavonoids. 60 Vcaps per bottle. (C, GF, SF, V)
\$19.95 (3 btls + \$16.96)

Grape Seed & Pine Bark Extracts: This is the original product developed by Professor Masquelier (OPC-85™, U.S. Patent 4,698,360). This product is a blend of grape seed extract and pine bark extract that contains 85% OPC (150 mg) and 300 mg Citrus bioflavonoids per 3 capsules. Both grape seed and pine bark are very rich in OPC but have other phytochemicals that distinguish them from each other and may offer additional benefits. 60 Vcaps per bottle. (C, GF, SF, V)
\$23.95 (3 btls + \$20.36)

Hydrogen Peroxide: Hydrogen Peroxide is food grade (3%). 16 fl oz bottle. (NE, GF, SF, V) ***restricted shipping during cold weather \$11.95 (3 btls + \$10.16)**

L-Carnitine: Each capsule provides 500 mg of L-Carnitine from L-Carnitine L-Tartrate. 30 Vcaps per bottle. (NE, GF, SF, V)
\$17.95 (3 btls + \$15.26)

Milk Colostrum: Daily Milk Colostrum is milk taken from cows within 24 hours of calving and carefully dried at low temperatures so that all immunologically active factors are fully preserved. Daily Milk Colostrum is from healthy, range fed cows that have not been treated with antibiotics or hormones. Each capsule provides 300 mg of bovine Colostrum. 100 Vcaps per bottle. (SA, SD, GF, SF)
\$15.35 (3 btls + \$13.05)

MSM 1000 Mg: Daily MSM (*methylsulfonylmethane*) is an **organic** form of sulfur as found in many common foods. Daily MSM is made from the highest quality pharmaceutical grade MSM with no additives. Each capsule provides 1,000 mg of MSM. 180 tablets per bottle. and Daily MSM 1 lb powder provides 1,000 mg of MSM per 1/4 teaspoon. (NE, GF, SF, V)
\$19.95/180tab | \$29.95/pwd (3 btls + \$16.96/180tab | \$25.46/1 lb)

MSM Blend: Daily MSM (*methylsulfonylmethane*) is an **organic** form of sulfur as found in many common foods. Daily MSM is made from the highest quality pharmaceutical grade MSM and synergistic nutrients. Each capsule provides MSM (750 mg), Bioflavonoids (20 mg), vitamin C (60 mg), and Korean Ginseng (10 mg). 90 Vcaps per bottle. (SA, SD, GF, SF, V)
\$13.95 (3 btls + \$11.86)

MSM Glucosamine Blend: Daily MSM (*methylsulfonylmethane*) is an **organic** form of sulfur as found in many common foods. Daily MSM is made from the highest quality pharmaceutical grade MSM and synergistic nutrients. Three capsules provide MSM (2000 mg), Glucosamine sulfate (1000 mg), vitamin C (90 mg) and Grape seed extract (15 mg). 90 Vcaps per bottle. (SA, SD, GF, SF)
\$16.95 (3 btls + \$14.41)

Omega-3 Fish Oil: Daily Omega-3 Fish Oil is a high quality fish oil and is tested to assure very low levels of mercury and other heavy metals as well as other toxic substances. It is also molecularly distilled which removes impurities that may cause peroxidation of the oils, resulting in an unpleasant taste and odor, as well as potentially harmful oxidative products. Daily Omega-3 Fish Oil is obtained from sardines, anchovies, clupea, sprat and salmon. Each capsule provides: Fish oil concentrate (1,200 mg), EPA (360 mg) and DHA (240 mg). 60 & 120 softgels per bottle. (Bovine gelatin, Glycerin, Purified water, Mixed tocopherols, GF, SF)
\$17.95/60cap | \$29.95/120cap (3 btls + \$15.26/60cap | \$25.46/120cap)

Q-10 50 mg: Coenzyme Q-10 is the most prevalent form of ubiquinone in humans. Coenzyme Q-10 is used by the electron transport system in the mitochondria of cells for energy production. Daily Coenzyme Q-10 is produced by the natural fermentation of molasses. Each capsule provides 50 mg of Q-10. 60 Vcaps per bottle. (C, GF, SF, V) **\$21.95 (3 btls + \$18.66)**

Q-10 100 mg Softgel: This coenzyme Q-10 is in an oil base for optimal absorption. Each capsule provides 100 mg of Coenzyme Q10 and 100 IU of vitamin E from mixed tocopherols. 30 softgels per bottle. (Beef gelatin capsules, Rice bran oil, CR, GF, SF)
\$23.95 (3 btls + \$20.36)

Spirulina: Spirulina has a long history of safe use in humans. It was a valuable food source of protein and vitamin A for the ancient Aztecs in South America. Spirulina grows naturally in fresh water lakes of South America and is highly digestible without special processing. Spirulina also contains a wide range of bioactive compounds and is widely recognized as one of the most concentrated "Super Foods". Each capsule provides 600 mg of Spirulina. 100 Vcaps per bottle and Daily Spirulina 8 oz powder provides 2.58 g of Spirulina per 1 teaspoon. There are 88 servings per container. (NE, GF, SF, V)
\$12.95/100cap | \$24.95/pwd (3 btls + \$11.01/100cap | \$21.21/pwd)

Ubiquinol: Coenzyme Q-10 occurs in two major forms – oxidized and reduced, known as ubiquinone and ubiquinol. Coenzyme Q-10 is an essential part of the electron transport chain which shuttles electrons obtained from food to form ATP, the major energy molecule in the body. In its electron shuttle activity coenzyme Q-10 is constantly cycling between the oxidized and reduced states, therefore both forms are essential for energy production. However, several studies have shown that the reduced form is more efficiently absorbed in the intestinal tract. Both forms need to be taken with meals containing dietary fat to be absorbed most efficiently. Each capsule provides 100 mg of Ubiquinol. 30 softgels per bottle. (D-Limonene oil, Gelatin, Glycerin, Purified water, Caprylic acid, Carmel liquid, Alpha lipoic acid, GF)
\$31.95 (3 btls + \$27.16)

Sugar, Spices & Salts

Brown Rice Sweetener: Daily Brown Rice Sweetener is a naturally processed dry sweetener made from sprouted brown rice. There are no chemicals used during the processing, as well as no sulfites. It is gluten free, hypo-allergenic, has a low glycemic affect, and contains no fructose. This rice sugar is primarily composed of glucose (dextrose monohydrate). With a Dextrose Equivalent (DE) of 98, Daily Brown Rice Sweetener has a perceived sweetness level of 120, giving the perception that it is sweeter than raw sugar. Daily Brown Rice Sweetener comes in a 2 lb bag and has 226 servings per bag. * All ingredients sources are **non-GMO**. (Dextrose from **Organic** brown rice, CR, GF, SF, V)

Salt, Silver Sea Salt: Silver Sea Salt is a natural solar evaporated sea salt from the salt ponds of Guerande, France, where the pure ocean water is solar dried in the clay lined ponds. The clay lining also contributes valuable minerals to the final product and is responsible for the darker grey crystals. This product is completely natural and unrefined, with all the naturally occurring trace minerals remaining. 8oz jar. (NE, GF, K, SF, V)

\$13.95 (3 btls + \$11.83)

Salt, Himalayan Pink Salt: 100% natural, ancient ocean Himalayan Pink Salt is one of the purest salts available on earth. Mined deep in the Himalayan Mountains, this salt crystallized many millennia ago and remains protected from modern-day pollution and impurities. It contains 84 trace minerals and none of the additives or aluminum compounds found in refined table salt. 8 oz jar. (NE, GF, K, SF, V) **\$13.95 (3 btls + \$11.83)**

Salt, Kala Namak (Black Salt): Kala Namak or Black Salt is a special type of Indian mineral salt. It is actually pinkish grey rather than black and has a very distinctive sulfurous mineral taste (like hard boiled egg yolks). It is naturally rich in minerals. 8 oz jar. (NE, GF, K, SF, V)

\$13.95 (3 btls + \$11.83)

Miscellaneous

Diatomaceous Earth Powder: Daily Diatomaceous Earth is food grade, mined skeletal plankton which is a product of the USA. 1lb, 2lb & 50lb container. (NE, GF, SF, V) **customer is responsible for full shipping of the 50 lb. container.*

About Daily Manufacturing, Inc.

Jim Jr. & Mary Jo Daily started Daily Manufacturing in 1979 by making one product, Min-Col, for Dr. Carey Reams. Since 1979 Daily Manufacturing has expanded to include all of the Reams products, as well as other nutritional products. Daily Manufacturing maintains the commitment to excellence in manufacturing that earned the endorsement of Dr. Reams and the loyalty of many customers from around the world.

Company Slogan:

“Blending Science and Nature for Optimal Nutrition.”

Mission Statement:

As stated in our slogan, Daily Manufacturing is committed to producing high quality nutritional products from natural sources. We believe that natural products must have a solid scientific basis for efficacy and safety. Every product with the “Daily” name must promote wellness and optimal health without risk of harm.

Business Philosophy:

Daily Manufacturing is a small, family oriented business. We believe that we as a family, and a business, have a responsibility to represent the natural food industry in a positive way. Product claims must be both legal and morally defensible. All information must be presented in a factual manner with solid scientific basis. Daily Manufacturing also has a responsibility to the community and to its employees. We consider it our opportunity to cooperate with employees in their personal development and that of their family members. We also believe that we have a responsibility to the local and world communities to never engage in practices that endanger the health and environment of others.

Herbal-Bright

Herbal-Bright contains 25 mg of *Sceletium tortuosum* extract (Zembrin®), an herb that will literally brighten your day. This herb is for those who are looking for peak mental performance and an optimistic outlook. When combined with vitamin B-12, Zembrin® can help optimize neurotransmitter production in the brain.

Each bottle contains 60 capsules
A two month supply and is non-GMO and Vegan

  **Reduces stress and improves mood naturally** **60 Capsules**
